WidePoint

External Certificate Authority (ECA) Solutions

Federated Solutions

WidePoint ECA Solutions supports medium, medium token and medium-hardware assurance levels, as defined in the U.S. Government ECA Certificate Policy. A WidePoint ECA offers 1 or 3-year Certificates, encryption key archival and recovery, Non-Federal Issuer/Personal Identification Verification – Interoperable (NFI/PIV-I), Microsoft Smart Card logon, and Microsoft Domain Controller certificates.

WidePoint ECA Subscribers may include DoD contractors, vendors, allied partners, North Atlantic Treaty Organization (NATO) allies, Foreign Nationals, members of other Government agencies and their trading partners.

Supports all Authentication Types

As a U.S. Government External Certificate Authority (ECA), WidePoint is a DoD approved certificate authority and authorized to provide digital certificates for:

- **Identification/Digital Signature**
- **Encryption to secure email and digital files**
- **Server Authentication for identification of web sites and other devices**
- **Domain Controllers for authenticating to legitimate domain**
- **Code-signing for verifying application is not compromised**

50 CREDENTIALS FREE
for every 500 ordered!

Visit **orc.widepoint.com** or contact **orcsales@widepoint.com** to discuss your credentialing needs.
